In addition to a gorgeous beach, all the best entertainment and [modern suites](#), [Melody Maker](#) offers a unique dining experience that includes a variety of flavors. The restaurants have something for every palate.

Planning a vacation often includes planning out the food situation and making sure it's a good one. This resort located in [Cancun](#) has a gourmet dining selection, so keep it in mind when planning your next trip.

Starting bright and early, the aroma of coffee hits the air. Coffee lovers will want to take a stroll to the Coffee Shop to grab a fresh brew to enjoy. Visitors can continue on their way or choose to linger in the relaxing atmosphere of the shop. Small snacks are also available to munch on here.

There are a variety of restaurants open for lunch and dinner.

For those who like options, The Social Buffet Marketplace is the place to eat. Here guests will find local and international cuisine, from fresh seafood to healthy juices and everything in between. It also offers a great view of the ocean.
